

LETTER OF INTENT

Green Neurons Design and Technologies PBC
Pre-Engagement Overview

This Letter of Intent is not a contract. It is Green Neurons' way of introducing how we work, what you can expect from us, and what comes next if you decide to move forward. No financial obligations are created by this document.

1. Who We Are

This Letter of Intent is issued by:

Green Neurons Design and Technologies PBC ("Green Neurons")

Address: 3131 W Bolt Street #D58, Fort Worth, Texas 76110

Contact: Jenny Siede

Email: jenny@jennysiede.com

Phone: (469) 340-3558

Issued to:

Prospective Client / Partner ("Partner")

Legal Name:

2. Why You Are Receiving This

Green Neurons sends this Letter of Intent at the start of every new client or partner relationship, before any formal contract is signed. Think of it as a shared map: it outlines how we communicate, how we protect each other's work, and what the path forward looks like when you are ready to proceed.

Signing this document signals mutual interest in exploring a working relationship. It does not obligate either party to proceed.

3. Your Work Stays Yours

All background intellectual property, proprietary know-how, and pre-existing work developed independently by either party remains the sole property of that party. Initials []

Nothing in this Letter of Intent transfers, licenses, or encumbers any background IP belonging to Green Neurons or the Partner. Both parties mutually agree to hold in confidence all information and data disclosed by the other in connection with this Letter of Intent.

Once you are ready to move beyond the discovery phase, **Green Neurons will issue a formal Mutual Non-Disclosure Agreement (Mutual NDA)** prior to any exchange of detailed specifications, design files, technical data, or production methodologies. No proprietary information should be shared until that Mutual NDA is in place. Green Neurons is a service provider of design, development, and manufacturing services; the Mutual NDA will not restrict Green Neurons' core business activities or its ability to serve other clients in its field of practice.

4. Keeping Things Confidential

Both parties agree to treat as confidential any non-public business information, pricing, client references, design direction, and strategic context shared during discovery conversations. This applies whether or not a formal agreement is later signed.

5. How We Communicate

Green Neurons communicates with clarity and directness. All material updates, scope changes, and payment concerns are confirmed in writing via email. Text or social media messages do not constitute formal notice.

For routine coordination, you may reach us at our official business line: (469) 340-3558. For all project-related communication, including scope, deliverables, timelines, and payment, email is required.

6. Moving Forward: Proforma and Deposit

This Letter of Intent covers the discovery phase only. When you have decided to move forward, here is what happens next:

- i. **Proforma Agreement.** Green Neurons will prepare a formal Service Agreement and Proforma detailing scope, timeline, deliverables, and total cost.

- ii. **Deposit.** The \$500 USD deposit covers Green Neurons' time to conduct design requirements analysis and develop the Proforma. This deposit is **non-refundable**. No requirements analysis or Proforma work begins prior to receipt of the signed Letter of Intent and deposit. Should the client choose not to move forward after reviewing the completed Proforma, the deposit is not returned. By submitting the deposit, the client knowingly accepts this risk as a committed investment in the discovery and planning process, regardless of outcome.
 - iii. **Credit.** 50% of the deposit (\$250 USD) will be credited toward the first Proforma invoice issued following execution of this Letter of Intent only. This credit applies to the first Proforma exclusively and is not transferable to any subsequent Proforma or future engagement. The Proforma invoice expires 30 days from the date of the final revision (1 revision maximum).
-

7. Governing Law

This Letter of Intent and any subsequent agreements are governed by the laws of the State of Texas. Any concerns are addressed first through good-faith conversation, then mediation if needed.

8. Our Commitment to You

Green Neurons operates as a Public Benefit Corporation. Every engagement we enter is guided by four principles: Transparency, Communication, Quality, and Delivery. This letter is the beginning of that commitment.

We look forward to learning more about your project.

9. Protected Relationships and Contacts

Green Neurons invests significant time and resources building trusted relationships with textile vendors, factories, production partners, and professional contacts. Any vendor, factory, supplier, or production partner introduced, referenced, or identified by Green Neurons during this Letter of Intent or in any Proforma, specification document, or discovery conversation is a **proprietary business relationship of Green Neurons**.

These relationships, along with any preliminary specifications, design direction, sourcing details, or production methodologies shared during this Letter of Intent, constitute Green Neurons' intellectual property. They may not be used, contacted, or engaged directly by the client or any party acting on the client's behalf outside of a formally executed project agreement.

This protection extends to all Green Neurons team members, interns, assistants, and anyone introduced informally during the discovery or pre-Letter of Intent phase. **Direct outreach, solicitation, or hiring of any Green Neurons-affiliated individual or introduced contact is not permitted** without prior written consent from Green Neurons.

Any circumvention of these protections, including contacting Green Neurons' vendors, leads, or team members directly, will be considered a material breach of this Letter of Intent and addressed in any subsequent formal agreement. A formal Mutual Non-Disclosure Agreement (Mutual NDA) reinforcing these protections will be issued by Green Neurons prior to the exchange of detailed specifications or production data.

10. Duration

This Letter of Intent is effective for one (1) year from the date of signature by the Partner. If no formal Service Agreement or Proforma has been executed within that period, this Letter of Intent expires automatically without further notice. Either party may renew this Letter of Intent by mutual written agreement prior to expiration.

Acknowledged By

By signing below, the client confirms receipt of this Letter of Intent and agrees to its terms as the foundation for further discussion.

Ready to sign? A DocuSign envelope will be furnished for your signature. Text **(469) 340-3558** with **Ready for LOI** to initiate.

☐ I acknowledge receipt of this Letter of Intent and confirm I have read and understood its contents.

Next Steps. Once this Letter of Intent is signed and the deposit is received, Green Neurons will develop a plan of action and a formal Proforma for review based on the initial requirements discussed. The \$500 deposit covers one (1) Proforma submission with up to one (1) revision. Additional Proforma submissions are billed at \$500 per submission.
